PROFILE

A skilled and creative Web Developer, UI/UX Designer, Graphic Designer, and Content Creator with hands-on experience in developing websites, creating stunning visual designs, and producing engaging content for online platforms. Adept at combining technical expertise with artistic design to deliver captivating digital solutions. Proficient in designing user-friendly websites, creating graphic materials for branding, and generating high-quality content across various digital channels.

EXPERIENCE

Graphic Designer & Content Creator

2019–Present

- Designed marketing materials such as posters, social media graphics, and newsletters for businesses.
- Produced high-quality written and video content for blogs and social media platforms.
- Managed social media accounts for clients, driving engagement through strategic content campaigns.
- Designed eye-catching YouTube thumbnails and edited videos to increase user engagement.

Web Developer and Designer

2022 – Present

- Designed and developed responsive websites for small businesses using HTML, CSS, and JavaScript.
- Created visually appealing user interfaces for websites and mobile apps with a focus on user experience (UX).
- Built custom WordPress websites with themes tailored to client specifications.

UI/UX Designer

2023–Present

- Designed wireframes, mockups, and prototypes for web applications.
- Conducted user research to improve overall site usability and user experience.
- Collaborated with developers to ensure designs were fully functional and responsive on all devices.

PROJECTS

Loan Management Web Application

- Built a single-page loan management app with responsive design and intuitive UI/UX. Included functionality for loan tracking, customer management, and real-time updates.

Portfolio Website

- Developed and designed a personal portfolio website to showcase my web development and design projects, using HTML, CSS, JavaScript, and GitHub Pages for hosting.
